### WORLD'S WOMEN UNITE IN MOVE TO HALT WAR; PEACE MEET IS OPENED

\*\*\*\*\*  
THE HAGUE, April 28.—Jane Addams of Hull House, Chicago, was unanimously chosen chairman of the International Congress of Women convening here today in the interests of peace. Her selection is considered a tribute to American neutrality. The Congress sessions today reflected the hope of eventually uniting the women of the world to make war impossible.  
\*\*\*\*\*

THE HAGUE, April 28.—What can the women of the world do to stop the war?  
Within the next three days some 1500 earnest, thoughtful, hopeful women, representing all the great nations—both belligerents and neutral—will endeavor to answer this question, as well as present for the consideration of the various governments the claims of womanhood both in the formulation of peace terms, and afterwards.  
At the invitation of the women of Holland, supported by leaders in the progressive feminist movement in the United States—particularly the American Women's Peace Party—and those of the Scandinavian countries, the International Congress of Women opened its first day's session today in this "peace capital" of the world. Among the delegates are many whose husbands, fathers, or sons are now fighting for their country—or already have been slain, or maimed for life. Leading the British delegation of 100 are two sisters of Field Marshal Sir John French, Mrs. Despard and Mrs. Harley, while it is said that practically every one of the twenty representatives of Germany have close relatives in the Kaiser's army. Owing to the restrictions against indiscriminate travel these days between France and Holland—through England—only a few French women so far have arrived.

**World Represented**  
More than half the delegates are Dutch women, and a very large percentage of the others are from Denmark, Norway and Sweden. A party of fifteen, under the leadership of Miss Jane Addams, came direct from the United States via Rotterdam, in order to avoid the vexatious delays of travel through England caused by the severe regulations regarding visa of passports, Home Office permits, etc.  
Delegations are also present from Russia, Austria, Hungary, Serbia and even Turkey. One Armenian woman has come, upon her special request, to voice the plea of the women of her country who have been suffering cruelly in the war. The war-swept countries of Belgium and Poland, Italy, Greece, and the other Balkan states are likewise represented, in addition to various British colonies.

In order to prevent acrimonious debate that might lead to a disruption of the congress and thus defeat the objects for which it was called, the various women's organizations sending delegates agreed in advance that any reference to "relative national responsibility" from the origin or conduct of the war should be considered out of order. This suggestion was made by the central committee of Dutch women who arranged the details of the congress and drew up the tentative resolutions which will form the basis for the general discussions.

**To Avoid Friction**  
"The only possible objection to such a meeting," said one of the organizers today, "was that at this particular time, when national feeling is running so high, it might result in unseemly dissension. But we believe that by taking this precautionary measure friction will be avoided."

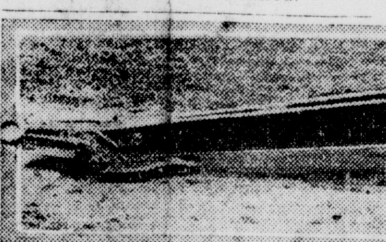

A statement issued by the British committee, which has already approved in principle the program outlined by the women of Holland, although advocating some changes in minor points, says:

"We women cannot disregard the appeal so often expressed in letters

### BUCK, BUCKING BULL, HERO OF MANY RODEOS, IS DEAD IN PENDLETON

PENDLETON, Ore., April 28.—Known to nearly all of the world's greatest cowboys, "Buck," the famous bucking bull, is dead, a victim of too much civilization.  
Pneumonia, a disease unknown to "Buck" during his wild days on the plains, ravaged his massive body, after several years of corral life.  
At each annual Pendleton round-up a substantial prize was offered to the cowboy who could remain on "Buck's" roof shaped back. Hundreds tried. All failed.

### ALMOST CERTAIN GAS RATE WILL BE ADVANCED AT ORANGE

Following the presentation of various grounds for retaining the present gas rates at Orange, it appeared at the conclusion of the hearing held before Railroad Commissioner Loveland in Los Angeles yesterday afternoon that in all likelihood the Commission will authorize the Southern Counties Gas Company to raise its gas rate at Orange.

If this is done it will probably mean that the rates in Santa Ana, Anaheim and Fullerton will also be raised, according to the opinion of City Attorney G. H. Scott, of this city, who represented Santa Ana at yesterday's meeting. Scott says that these cities will have to fight to retain the old rates and that if unsuccessful in the fight and still desirous of adhering to the old rate, they will have to establish municipal gas plants.

**Submit Evidence**  
Voluminous evidence was submitted by the Southern Counties Gas Company to show that it has grounds sufficient for asking the increase in the rate at Orange.

Property owned by the company in Orange and adjacent territory is appraised at \$60,000, in the evidence submitted by the gas company. Other evidence introduced was, that gross sales of gas had fallen off at Orange owing to the increased heating power of natural gas; that operating expenses had increased; that there was a considerable depreciation chargeable to the district; and that the company is selling at a great financial loss because of the maximum rate of 75 cents per 100 cubic feet and especially because of the minimum rate of 50 cents per consumer per month. Because of these reasons the company asks for a minimum rate of \$1 per consumer per month.

**Looks Like Raise**  
City Attorney Hartwick of Orange came back with evidence to show that the property of the company was appraised too highly in the district in question. Evidence was also given that a number of improvements which the company had agreed to make had not been made.

It appeared certain at the conclusion of the meeting that the Southern Counties Gas Company had made out a strong case for itself and that there was but little doubt the Railroad Commission would decide in its favor.

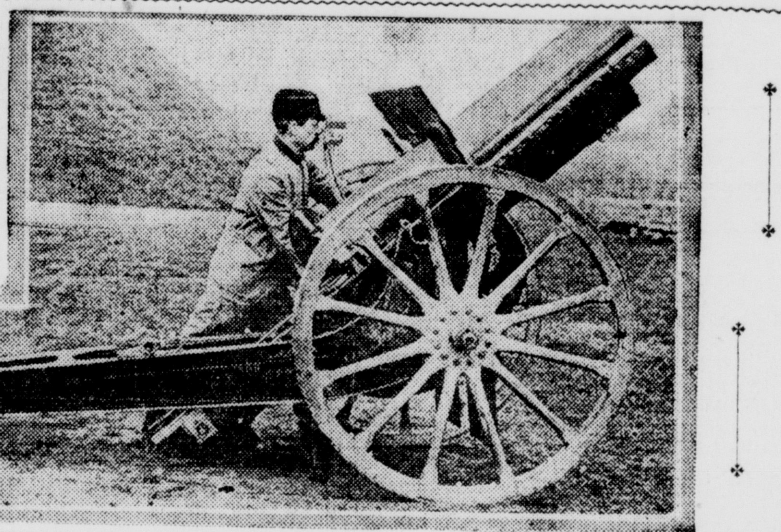

### HATS OFF WINS AT CONGRESS OF MOTHERS

SAN FRANCISCO, April 28.—Teachers and mothers must together work for the good of the children, if they are to get a fair start in life, is the opinion of Mrs. William T. Blackburn, president of the Second District California Mothers' Congress which opened its convention here today.

Other speakers asserted that food is most important. One declared no family is too poor to purchase sufficient simple food for children.  
A hot discussion arose over whether delegates should remove their hats. After an hour's battle those favoring removal won.

**POLICE PROBE ON**  
LOS ANGELES, April 28.—Twenty witnesses were summoned before the grand jury today to testify in what is believed to be a general probe of the police department.

IN THIS PICTURE IS SHOWN A NEW GUN JUST INTRODUCED BY THE FRENCH AND WHICH IS SAID BY OBSERVERS TO HAVE HAD MUCH EFFECT ON THE GERMANS. IT IS OF THE MORTAR TYPE AND SHOOTS AT HIGH ANGLE TO CARRY LARGE SHOT A LONG DISTANCE OVER HILLS WHEN THE ENEMY CANNOT BE SEEN

### HOT SOX ON CO-EDS! DEMURE MAIDENS GO BOY PALS ONE BETTER

Dainty Ankles Variegately Clad Shock Prim Professors at Berkeley High

BERKELEY, April 28.—Thirty-five pretty co-eds at Berkeley high school observed "hot sock day" by appearing at their classes wearing stockings of variegated colors.

As the girls paraded around the school with skirts demurely lifted, it was observed that some wore one green and one scarlet stocking, another a blue and striped combination, and still another one yellow and one purple.

The attention of the shocked and horrified teachers was attracted and the girls were sent home and ordered to return either wearing all black or all white stockings.

Last year the Berkeley high school boys inaugurated "hot sock day."

### MIDWAY OIL CASE DECISION MADE TODAY AFFECTS MANY CLAIMS

WASHINGTON, April 28.—Although McCutcheon Bros. staked their claims to oil lands in the Maricopa oil fields of California prior to the withdrawal of all such lands by President Taft in 1912, the Land Office has held that oil was not discovered prior to the withdrawal.

This is the grounds on which the Land Office has denied the application for patents to California oil lands valued at many millions of dollars, it is learned today.

The case is known as the Pacific Midway case and affects hundreds of claims.

### NO SEBASTIAN VERDICT BEFORE PRIMARIES

LOS ANGELES, April 28.—Cross-examination of Mrs. Martha Olivera, sister of Edith Serkin, occupied the Sebastian trial today. The woman heatedly denied the defense attorneys' intimations in questions regarding her character. Little additional evidence was adduced. The indications are that a verdict will be impossible before the primaries Tuesday, at which Sebastian is a candidate for mayor.

### AQUEDUCT ENGINEER LOSES WIFE BY DEATH

LOS ANGELES, April 28.—Mrs. William Mulholland, wife of the engineer of the Owens river aqueduct, died this morning following a brief illness.

### BOSTON CLUB BANQUETS

BOSTON, April 28.—The annual banquet of the Boston City Club of the Boston Young Men's Christian Union will be held tonight. Governor Walsh, Mayor Curley and other notables will attend.

### THE WEATHER

**FORECAST**—For Santa Ana and vicinity: Unsettled, probably showers tonight and Thursday; west winds.

### 700 DIE AS BIG FRENCH CRUISER IS TORPEDOED BY AUSTRIAN SUBMARINE

PARIS, April 28.—The French armored cruiser Leon Gambetta was torpedoed and sunk Monday night in the Adriatic off Otranto, in an attack presumably by an Austrian submarine. The fate of the crew is not known. The Minister of Marine believes some were saved.

The Gambetta was of 12,000 tons and carried a crew of 725. The vessel was built at Brest in 1901; was 476 feet long, with a speed of 23 knots. Her armament consisted of four 7½-inch guns, sixteen 4½, twenty-four 3-pounders and two submerged torpedo tubes.

### ALLIES MAKING FAVORABLE PROGRESS AGAINST TURKS

LONDON, April 28.—Despite the Turkish claims of success the allies' attacks on the Dardanelles fortifications are now developing along new lines with the allies making favorable progress, according to a war office statement today.

The violence of the fighting is steadily increasing and the warships are constantly bombarding the forts. The admiralty today made no comment on the Turkish claim that a British torpedo boat was sunk and another damaged yesterday.

However, the admiralty denied the Turkish claims that certain of the allies' landing forces were compelled to seek shelter on the ships on account of the fury of the Turkish attacks.

### 8000 AUSTRIANS AND TEUTONS KILLED, RUSSIAN CLAIM

PETROGRAD, April 28.—Eight thousand Austrians and Germans were killed and wounded and several thousand captured in fighting in Galicia in the Bukovina region, in which the Russians were victorious, the war office today announces. Severe fighting in the Carpathians since Monday night is claimed.

### ALLIES ON FORWARD MOVE NORTHWARD FROM YPRES

PARIS, April 28.—Details of the fighting in Flanders are again lacking in the official communique from the war office today. The allies' progress north of Ypres continues, it is claimed, the Germans suffering severe losses.

### SWEEPING CLAIM IS MADE OF BRITISH REVERSES

BERLIN, April 28.—All attempts by the British to re-capture lost ground in Flanders have failed, the war office announces today. Beyond sweeping claims of the republic of all British attacks the statement gave no details of the fighting between Ypres and the sea.

### AUSTRIA CONFIRMS REPORTED SINKING OF GAMBETTA

BERLIN (by wireless to Sayville), April 28.—Austria's submarine sank the French cruiser Leon Gambetta, Monday, according to an official statement from Vienna today. Only part of the crew was saved.

### ALLEGED CO-PARTNERS OF HARRY CHANDLER IN CONSPIRACY CASE

LOS ANGELES, April 28.—Baltasar Aviles, Villista governor of Lower California, Geronimo Sandoval and Francisco Ayon pleaded not guilty in the federal court today to charges of violation of American neutrality by organizing men in America for military service in another country.

Harry Chandler, general manager of the Times; Gen. C. A. Viljoen, the Boer war hero, and W. K. Bowker, similarly charged, were absent from the city and will plead later.

Charles Guzman, another defendant, has already pleaded not guilty.

### LAWYER GOES TO PEN FOR DOPE SMUGGLING

LOS ANGELES, April 28.—F. M. Shepard, a lawyer and candidate for the Legislature from San Pedro in the recent election, and A. C. Brown, a rancher, were sentenced to one year and one day each in San Quentin for conspiring to smuggle opium into America from Mexico.

### CHET ROWELL SPEAKS UNDER RAISIN PILLAR

SAN FRANCISCO, April 28.—This was Raisin Day at the Panama-Pacific Exposition, and a great pillar of raisin bread was built in the Court of Abundance. In its shadow Chester Rowell of Fresno, and others gave speeches. Portugal's exhibits in the Fine Arts Palace was also formally opened.

### BIFF! BANG! BIFF! SMASH! CRASH! WHAT? JUST T.R. FIST

SYRACUSE, April 28.—Cross-examination of Col. Theodore Roosevelt in the Barnes \$50,000 libel suit was completed this morning.

Roosevelt apparently enjoyed the final hours of the stand. He seemed in the highest spirits and emphatically admitted that in his speech in 1914 he said Barnes was a "menace."

He grinned when he admitted asserting that Barnes and Boss Murphy of Tammany ought to be in the same party.

The Colonel ran away with the examination frequently, interrupting his own attorneys' objections, and answering despite their protests.

This was the Colonel's seventh day on the stand, but several more seem likely, since re-direct examination is yet to come.

Judge Andrews today warned the jurors against reading the newspaper accounts of the trial.

Roosevelt pounded his fist into his palm and slapped his thigh so emphatically that Barnes' attorneys constantly protested. Ivins finally demanding that the court force the witness to cease such gesticulations.

The court replied: "I shall not attempt to regulate the ordinary manner of any witness, even to his gesticulations."

The Colonel immediately crashed his fist into his palm with a resounding whack, and continued his testimony.

**SAVE RED GERANIUMS  
AND LAMARQUE ROSES**  
Santa Ana will have a splendid float in the Fiesta parade in Los Angeles Monday, if the people will co-operate in picking and sending to the Chamber of Commerce the flowers needed for decoration. All persons who will deliver to the Chamber of Commerce not later than 10 o'clock Sunday morning bright red geraniums and Lamarque roses should telephone at once to the Chamber of Commerce, stating how many flowers will be furnished.

### FACES DEATH TO SAVE LIVES OF PASSENGERS AS CAR RUNS AWAY

San Francisco Motorman to Be Recommended For Carnegie Medal

SAN FRANCISCO, April 28.—Motorman Anderson of the United Railroads will get a Carnegie hero medal if a movement launched by his friends succeeds.

In the face of possible death Anderson clung to his broken brakes on a Minnesota street car as it tore unchecked down a steep hill. He managed to check it sufficiently to save the lives of a score of passengers, though he himself, suffered a fracture of the left foot and serious bruises. One passenger was hurt when one car collided with another at the foot of the hill.

### GIVE US HUERTA DEAD OR ALIVE! \$25,000 CASH IS OFFERED

LAREDO, Tex., April 28.—Carranzista leaders at Nuevo Laredo today offered a reward of \$25,000 for Victoriano Huerta, dead or alive. Huerta is now in New York.

### MEX AND COP FIGHT RUNNING GUN DUEL ON LOS ANGELES STREET AS DAWN BREAKS

LOS ANGELES, April 28.—A running gun-fight on the streets of Los Angeles, which ended only when the fugitive boarded a street-car and compelled the motorman to "throw her in the high," enlivened the day-break hours today.

Patrolman John Hubbs, going his rounds, ran into a Mexican busily engaged in beating in the skull of another Mexican with the butt end of a revolver. On being interrupted in this pleasant pastime, the Mexican, whose name has not been learned, reversed the gun and took a pot shot at Hubbs. He missed.

Hubbs then returned the fire, emptying his revolver at the man, who turned and ran. Hubbs' aim was bad.

The chase ended when the Mexican boarded a passing trolley car and by dint of moral suasion, applied at the point of a revolver, persuaded the motorman to crowd on sufficient speed to distance the patrolman.

## BOOSTERS WILL HAVE MEETING ON FRIDAY

GARDEN GROVE, April 28.—A big get-together evening is planned for Friday night by the Improvement Association. Things of general interest will be discussed. The Parent-Teacher Association will furnish the banquet, for which a popular price will be charged. Good music and a good all around time is expected and all citizens of Garden Grove, both men and women, should be present to plan and boost for the best interests of the community.

Those who had the privilege of listening to Mrs. George Solton of Seattle Sunday morning at the Baptist Church speak very highly of her ability as a Bible exponent and public speaker. Rev. Mark Leo, superintendent of the Hebrew Mission in Los Angeles, gave interesting addresses at

the Baptist Young People's meeting and the evening service. The subject for the Young People's meeting was regarding his missionary work among the Jewish people of Los Angeles, and the evening service was an illustrative lecture on the Jewish Passover.

Mr. and Mrs. McLean and family of Orange spent Sunday with Mr. and Mrs. L. Beardsley.

C. B. Buxton of Orange was in Garden Grove Friday on business. He was accompanied by his wife and her sister, Mrs. F. W. Epley, of Bellingham, Wash.

Twenty-eight were received into the membership of the Methodist Episcopal Church last Sunday as a result of the special evangelistic services conducted by Rev. Fowler for the past three weeks.

The Men's Gospel Team of Garden Grove went to Anaheim Tuesday evening to assist Rev. Sutherland of the Methodist Church.

Mr. and Mrs. Wheeler attended the annual dinner given by the Episcopal Church of Anaheim Tuesday evening. Miss Meta Chaffee and Miss Leitch, superintendent of Deaconess Home in Los Angeles, spent Tuesday at the home of Mr. and Mrs. A. J. Chaffee to celebrate with them Mr. Chaffee's sixty-seventh birthday.

Mr. and Mrs. Simon Chaffee and Mr. and Mrs. A. J. Chaffee were entertained Monday at the home of Mr. and Mrs. Winslow.

Mr. and Mrs. Winslow left Wednesday for Davis, Cal., to visit their daughter for several weeks.

Mr. and Mrs. Stevens of Chicago, who have been visiting at the home of Mr. and Mrs. Simon Chaffee for the past three weeks, left Wednesday. They will take in the exposition at San Francisco before returning home.

Mrs. O. H. Anderson was a business visitor in Los Angeles Saturday.

Miss Alstol of Paris is spending a few days with Miss Lila Crane.

Mrs. Reed is still confined to her bed on account of a fall received a week ago. She injured her hip.

Mr. and Mrs. Castleman of Ventura have been visiting their parents for a few days. They will not return to Ventura but will go to Fresno county, where Mr. Castleman has a ranch.

Mrs. Hedstrom, who has been laid up for a couple of weeks on account of a fall, is able to be about on crutches. Mrs. McKee spent Monday in Los Angeles.

Saturday Mrs. Natland was called to what proved to be the deathbed of her aunt, Mrs. Johnston, who lived in Santa Ana. While there Mrs. Natland left her little boy, Leonard, in care of friends. While playing on a motor-bike he was accidentally thrown to the ground. The machine fell on him and broke his leg. He was taken to the Santa Ana Hospital. Those in Garden Grove who know Leonard miss seeing him on the streets, as his congenial little ways and happy pranks are very attractive to all who know him. Mr. and Mrs. Natland's eldest son is also suffering from an injury to the eye received by the falling of a stick from the tree under which he was playing. Mr. Natland reports that Leonard will be home in about three weeks.

## SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat  
Which Clogs Kidneys, Then  
the Back Hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. Here we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

## SATURDAY NINE DAYS FIESTA TO START

Monday Comes the Parade In  
Which Santa Ana and  
Fullerton Take Part

LOS ANGELES, April 28.—Los Angeles is making final preparations this week to entertain the thousands of visitors expected for the big nine-day Fiesta and Rodeo celebration, which the 1915 general committee is staging from May 1 to 9 to add to the festivities of the Golden State during exposition year.

Leading off with the great street pageant, "The Story of the Golden West," the program includes floral pageants Saturday and Monday and the 1915 Rodeo running through nine days. The pageants will be street affairs, free to all; the Rodeo will be held in the big stadium at Hooper avenue and East Thirty-fifth street.

"The Story of the Golden West" will be an effort to visualize the life of a romantic past; the successive days of the Indian, the Spanish conquistador, the padres, the gold hunters and the plains pioneer. Entries for the pageant have been coming in from all over the state and when the procession moves Saturday morning it will be perhaps the most complete show of its kind ever undertaken.

As for the electrical pageant, "Queen Flora, a Feast of Flowers," Saturday evening, its beauties can only be surmised, for Fawcett Robinson, the creator of the floats, has kept them under cover. But even their assured beauty cannot surpass the living beauty of the girls and flowers that will be used Monday in "La Fiesta de las Flores" pageant. It will be an attempt to depict the floral wealth of the Southland at the time when, above all others, the roses and the other flowers, wild and cultivated, are at their best. This parade will begin moving at 10 o'clock and, like the others, will traverse the business streets.

Prizes to Be Given  
Prize money totalling \$2675 will be awarded for the most artistically-arranged entries in this pageant. This money will be awarded in sums ranging from \$200 to \$5.

At the head of the pageant, which will be in six divisions, directed by General Wankowski as grand marshal, will be the decorated autos entered by the Board of Supervisors, the City Council and the Chamber of Commerce.

Municipal floats have been entered by the following cities: Santa Ana, Pasadena, Long Beach, Ocean Park, Huntington Park, Monterey, Azusa, Gardena, Montebello, Inglewood and Fullerton. Chambers of commerce and boards of trade of other Los Angeles county cities have expressed their intention of participating by making entries.

Lindsay, Tulare county, will show the orange from bud to ripe fruit. Upon this float will ride the Tulare orange queen and her court of pretty girls.

In class H there will be many elaborate floats, including a strong German-American representation by the German-American Alliance, the Saengerfest Committee and the Turn Verein Germania.

Among conspicuously-elaborate entries in this class will be that of the Japanese Association of Southern California, which will be a pageant in itself, with its own oriental fiesta queen and her court.

Leading women of motion-picture companies will be seen upon floats in this part of the production. The fire department, which will be represented by twelve pieces of apparatus, will be the feature.

Among the marching clubs entered are the four companies of the Y. M. I. battalion, under command of Maj. J. L. Irwin; the White Star Patrol of the Glendale lodge of Elks; and the White Squadron of the Los Angeles Elks.

The full membership of the Knights of the Rose Tournament, Pasadena, will take part in the pageant. In red and white bunting costume and riding beautiful horses, they will be commanded by Liege Lord Frank G. Hogan.

Plenty of Music  
Thirteen bands will furnish music for the pageant. These musical organizations will be headed by the 1915 City and County Band.

Hundreds of horses will be seen in the fifth, or equestrian division. A majority of these will be ridden by the

Westerns, the typical southwestern organization of both men and women, and by the cowboys from all the range states of the West, here to participate in the 1915 Rodeo.

Another division of the pageant will be composed of six daylight floats prepared by Fawcett Robinson, America's foremost artistic electrical designer. These floats, which collectively will be designated as "The Queen and Her Court," will be unique in that their like never before has been produced anywhere.

The title of these floats will be "Ben Hur," "Fairy Queen," "Naiad Queen," "American Beauty Rose," "Sleeping Beauty," "Animated Flowers."

Still another division of the pageant will be made up of a silken Chinese dragon of great length, which will make its way through the streets attended by an orientally-garbed retinue. Preparations are complete at the Stadium for producing the 1915 General Committee's Rodeo, in which will appear the most daring horsemen and horsewomen west of the Mississippi.

There will be 1000 riders and more than a thousand horses at this old Southwest range festival and a thrill a minute every afternoon for nine days, beginning Saturday, is the program promise.

Riders now in Los Angeles awaiting the call to ride the most famous bucking horses in America represent California, New Mexico, Arizona, Colorado, Montana, Wyoming and other states.

WHITE MAN WITH BLACK LIVER  
The liver is a blood purifier. It was thought at one time it was the seat of the passions. ## SEVERAL CHANGES IN OFFICE LOCATIONS AT CITY HALL

Several changes in the location of some of the public offices at the city hall will be made shortly. City Clerk Vegely will move into the room he formerly occupied while city assessor. City Recorder Willson will move into the present city clerk room. The room to be vacated by the city recorder will be occupied by City Attorney Scott, who will thus have the use of two rooms.

A number of alterations have been made in the room to be occupied by City Clerk Vegely and as soon as the painters complete their work Vegely will move in. The other two officials will also take possession of their new quarters.

The room to be vacated by the city recorder will be used as a private office by City Attorney Scott. In the matter of claims against the city, the city marshal and the street superintendent will continue in their present offices.

## FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using  
Recipe of Sage Tea  
and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

## ASSEMBLYMAN IN FAVOR BRUCK AMENDMENT

The following letter received by J. P. Baumgartner, editor of the Register, from State Senator Anderson, is self-explanatory:

Dear Mr. Baumgartner:  
My attention has been called to some criticism appearing in Orange county to Assemblyman Burke's voting in favor of a motion to reconsider the vote whereby Assembly constitutional amendment No. 40 (Mr. Bruck author) was defeated in the Assembly the 14th inst.

San amendment as you know, provides that:

"No law or constitutional amendment which shall damage, injure or destroy the value of or prevent the use of any vineyard, wine cellar, hop field, brewery, distillery or other property used in producing, growing or raising grapes, hops, or in the manufacturing or producing or shipping wine, beer, malt or distilled liquors, existing at the time of the passage or adoption of such law or constitutional amendment, shall take effect until just compensation shall have been first made to or paid into court for the owner, which compensation shall be ascertained by a jury, unless a jury is waived, in other civil cases, in a court of record, in such manner as shall be prescribed by law."

In fairness to Mr. Burke I desire to advise his constituents that a vote for a motion to reconsider the vote whereby a certain measure either passed or was defeated does not necessarily mean that the member intended to vote for the measure on such reconsideration, but may be given out of courtesy to the author of the measure, and in the case of this particular measure it was my understanding that Mr. Burke intended to vote against it, and it appears from the Assembly Journal that he did so vote against it on both roll calls, the first being on the 14th inst. and the second on reconsideration, on the 23rd inst.

The matter of voting for a motion to reconsider is one of policy, the member voting for such is of the opinion that the author of the bill should for any reason be allowed a second roll call, and voting against such motion if such a second roll call should not be allowed.

Sincerely yours,  
JOHN N. ANDERSON.

SOME FORMS OF RHEUMATISM CURABLE  
Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped, and cured, by applying some good liniment that penetrates. An application of Sloan's Liniment at two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain: "Sloan's Liniment is all medicine." Get a 25c bottle now. Keep it handy in case of emergency.

## TAFT AND ROOSEVELT

In a recent editorial this paper deplored the use of personalities and made a plea for fairness in the discussion of the acts and attitudes of public officials. There was careful endeavor to make it plain that just criticism is wholesome and even necessary, yet by some this point in the editorial seems to have been overlooked, or else those who demur are constitutionally contentious. At all events it seems well to present at greater length the "other side" of the question.

The recent episode occurring when ex-President Theodore Roosevelt and William H. Taft met as pall-bearers at a funeral has revived discussion as to the personal relations of these two famous men, and attracts attention to the question under discussion. Accounts of that particular incident vary. Some reporters have it that the hand shake between these two big men was purely cool and formal, while others see enough warmth in it to suggest a revival of their former intimacy.

Mr. Taft and Mr. Roosevelt have said some severe things about each other. But the capacity of public men for overlooking the rough and tumble of public debate seems marvelous to the average man.

Ninety-nine out of a hundred people are too sensitive to criticism. The moment anything is said in the local community adverse to their personality, ideas, or manners, they fiercely resent it as a malicious attack.

Yet there is very little personal malice in daily life in either personal or business relations. Just criticism is the saying salt of life. Without it private life would go stale and public life would be rotten with corruption.

Most public men soon learn to steel themselves against ordinary personal attack. They find out that they can learn much more and gain much more help from opponents than from friends. The friends flatter and conceal criticisms. Their opponents reveal real weaknesses. A wise public man notes these revelations of the flaws in his own ideas and his own record, and corrects his course to meet them.

Wherefore the feuds of public life are far from lasting. A debate may rankle with denunciation, yet be taken in a Pickwickian sense.

The Taft-Roosevelt row went deep. The wounds of former friends sink far. But these two are big men. The passing years soften many wounds, and it is a fair guess that they may heal this one. There's something wrong when two men can't differ radically on politics, and yet unite in personal friendship.

## BOOSTING CALIFORNIA

At the risk of tiring some of the pioneers who already know these things, we are going to print some extracts from a recent editorial appearing in the Taunton (Mass.) Gazette from the pen of its editor, Milton Reed, who has been visiting in California. Of course we already know all these things, but we like to be assured that others do also.

Mr. Reed said in part:  
One thing in California never disappoints—the magnificent scenery. Probably in this respect no country in the world offers a greater diversity of impressive charm.

Southern California, once a sandy desert, is now a blooming park. One enters this state over a vast waste of grimy desert. Nothing can be more repulsive. Nature seems to be niggardly and at her worst. It will be ages before this now reclaimed desert is made to laugh with crops; perhaps it will always remain in the wild.

Southern California, when the Spanish adventurers entered its canyons and deserts, had few indigenous trees, mainly the cypress and liveoak. Now it is embowered in a wealth of borrowed forestry. Australia has been drawn upon for the eucalyptus and acacia. The former is a deciduous tree, through its bark; it is a rapid grower; it grows its giant roots about it in the ground and often strangles neighboring trees. It is a sharp absorbent, and is useful in drying swamps and moist places. The Australian acacia, with its glossy leaves and golden pendent blossoms, has become one of the commonest of decorative trees. It can be made to grow almost anywhere in the valleys and of the lowlands. The pepper and the olive have been planted by the million. On the uplands are evergreens. Thus man has enriched the parsimony of Nature and has thrown a web of noble forestry over great spaces which lay naked a generation ago.

California is pre-eminent the home of flowers. Roses, lilies, carnations, lantanas, the hibiscus, bougainvillea, poinsettia, pansy, violet, daisy and countless other garden flowers and gorgeous shrubs, throw a wealth of color and often a wave of perfume over the landscape. Nowhere can be found more luxuriant and compelling expressions of floral beauty than in some of the California show towns, Santa Ana, Pasadena, Redlands, Riverside, Santa Barbara, and suburbs of Los Angeles, and in place after place, less familiar to the tourist. Add to these the orange, lemon and grapefruit groves, the vineyards and emerald green meadows and the effect is almost startling.

Thus, sunshine and shadow, mountain, ocean, valley, tree, flower, cloud, blossom and perfume, contribute a symphony of charms all through this tremendous state.

THE higher you climb in your business, the plainer people can see you;

that's one reason why so many successful men of this town come here for their clothes; they know they're doing the best thing for their appearance.

It will take only a few minutes to fit you and only \$20, \$25 or \$30 for the highest quality.

## HAS INCREASED AMOUNT MILK USED HERE

Local Dairymen Exploiting Home Territory Find Their Plan Profitable

That approximately 300 gallons of milk daily that formerly was sold in Los Angeles, is now being delivered to consumers in Santa Ana as the result of the cutting of prices by the Los Angeles Creamery Company, was the assertion today of Dr. H. J. Stevens, who operates a dairy in the Old Newport district.

In spite of representations made by the dairymen from this county and from the territory near Los Angeles, the Los Angeles Creamery Company lowered its price of milk 5 cents, this price reduction went into effect on March 1.

Since that time numbers of creamery depots have been established in the smaller cities and these are now selling milk bought at the old rate from the dairymen in the suburban districts. This step is being taken in retaliation for the action of the Los Angeles company in lowering the price.

The reason given for the price cutting by the Los Angeles company was that the consumption of milk had fallen off and that a large quantity of northern milk was being delivered in Los Angeles.

The price paid in Los Angeles during March last year was 4 1/2 cents per hundred pounds for 4 per cent milk. The present price is 4 1/2 cents.

Milk that produces four pounds of butter fat to the 100 pounds is called 4 per cent milk. That which tests out higher than this is paid for proportionately.

Dairymen in this territory are more than well pleased with the present outlook. The almost unprecedented rainy season has made feed plentiful and the cows are now producing the maximum of milk.

## RIVERSIDE HAVING TROUBLE OVER ALIENS' PAY

Riverside has a peck of trouble on hand over the decision of its city attorney that the city cannot pay warrants issued on the city treasury in favor of aliens.

Since Santa Ana is not employing aliens on any of its work, the problem is not one of consequence here. That there is a law against using public money to pay aliens seems to have been well understood here for a long time.

City Treasurer P. A. Gunsolus of Riverside finds himself confronted with a remarkable condition of affairs in the light of the opinion filed by City Attorney W. G. Irving of Riverside with reference to the payment of public moneys to aliens.

The city attorney holds that the act of 1901, which has recently been interpreted as applying to teachers who are not native born or naturalized citizens, applies with equal force to all employees in the service of the state, or any county or city in the state.

Accordingly, it is held that the city treasurer and his bondsmen are responsible under the law for the payment of any city money to aliens, a number of whom have been in the employ of the Riverside street department for years, and to a certain extent in other departments.

Simultaneously with the filing of this opinion City Treasurer Gunsolus has received a statement signed by forty-two workmen, giving him notice that it is a violation of the law to pay out city money to persons other than native-born or naturalized citizens, and warning him not to pay out any further money for labor to aliens after May 1.

"I shall abide by the law," said Mr. Gunsolus, when asked regarding the opinion. "I do not know whether I shall hold up warrants for this

month's pay, which falls due in May, or only for money earned after that date."

Street Superintendent Darling of Riverside is of the opinion that this interpretation of the law will work a great hardship on his department, in that he has a corps of Mexicans trained for certain classes of work which it has been found difficult in the past to secure white men to perform. The cost of the work also, he believes, will be materially increased in consequence.

## MAN WHOSE LEG FRACTURED IS DEAD FROM EMBOLISM

Embolism following a compound fracture received last Saturday night resulted in the death of Frank Barrago, the County Hospital at 2:30 o'clock this morning.

Barrago was on a motorcycle with Samuel Henry returning from Newport Beach. They were on their way to a construction camp near Irvine, the two men having been employed on a state highway contract. At a point on Newport road below the end of South Main street their motorcycle veered into the side of an automobile driven by E. H. Ley, who lives at the Rossmore Hotel, Santa Ana.

The motorcycle went over, the two riders beneath it. Each man sustained a compound fracture of the left leg. The best of attention was given the wound in Barrago's leg, caused by the bone protruding through the flesh. Death was due to embolism, the heart being affected.

Barrago, aged 24, was a native of Austria, where his parents live. He had two brothers last heard of by him about Christmas, when they were in Michigan.

## WOMEN'S RIGHTS ONLY HOPE FOR WORLD PEACE

—PERSIAN SUFFRAGIST

SAN FRANCISCO, April 28.—Votes for all women in the world is the only hope for universal peace, according to Mrs. Farahanisue Sprague, a Persian suffragist, who delivered an address today on the subject of world peace at the exposition.

She is the daughter of a Persian noble, and said she had made many sacrifices for the "cause" and had been forced to flee Persia with her husband when the war began.

She predicted the day would come when every woman in the world would vote.

## NEW EBELL PRESIDENT

### Mrs. Crose Highly Qualified For Presidency of This Flourishing Club

The Ebell Club of Santa Ana has just closed a very successful year under the presidency of Mrs. A. J. Lawton, and the outlook of the club at present is very bright indeed.

Mrs. C. F. Crose, the new president of this flourishing organization, has been associated for many years with various women's clubs and her experience as a leader should prove very valuable in her new position.

Before coming to California, Mrs. Crose was president of the Kappa Delta Club of Shenandoah, Iowa. This is a prominent literary club, of which she was a charter member.

Mrs. Crose has also taken an active part in church work during her affiliation with the Congregational Church. At Shenandoah she was president of the missionary society for ten years and also for three years president of the district association work carried on by the women of the church. Since coming to Santa Ana she has continued her efficient service, and has been president of the missionary society of the First Congregational Church for the past three years.

Since her residence in this city, Mrs. Crose joined the Woman's Club and served last year as its vice-president. She is a member of the Third Economic Section of the Ebell Club, a past president of the Second Travelers Section and was a member of the Parliamentary Section until this division of the Ebell Club was discontinued.

## Surprise Newly Weds

A company of the "boys" from the Ford Sales and Service Company paid a surprise visit to Mr. and Mrs. Frank Hammett, who are nicely settled at their new home at 402 South Flower street.

The self-invited guests brought with them a beautiful reading lamp, with bronze stand and hand-painted shade and the "newly weds" were delighted with useful wedding gift which will add greatly to the attractiveness of their living-room.

A session at progressive whist provided ample entertainment and the pleasant evening closed with the serving of a bountiful spread which had been thoughtfully provided by the "fellows."

## Jolly Club Meeting

The Happy Hours Club met yesterday afternoon at the home of Mrs. Arthur Humphrey, 1102 Cypress avenue, where a jolly time was spent by the young ladies, with needlework and conversation.

Pansies and red roses were used in the house decorations, the same color scheme being carried out in refreshments of strawberries, punch and wafers.

Those present were Mesdames Mize, Carl Galbraith, Harry Warner, Leonard Clark, Walter Sutton and Arthur Humphrey; Misses Clara Wiseman, Minnie Wild, Mable Blodgett and Fay Myers.

## ENTERTAINS CLUB

### Members Enjoy Merry Dinner Party and Evening at Flinch

Mr. and Mrs. H. C. Dawes were hosts last evening to the congenial little flinch club of which they are favorite members. The home was decorated in such exquisite taste, that the guests uttered exclamations of delight upon their entry.

The mantle of the fireplace was a mass of beautiful roses intermingled with greenery and the dining room presented an equally charming appearance.

The prettily-appointed table was centered with a mass of greenery and Cecil Bruner roses from which gracefully trailing sprays of fern, studded with these fragrant flowers, extended, turning little kiewpies also peeped from beneath their floral covering, pretty cards, in rose design, and place of each guest.

The tints of the pink and green color scheme were observed in the serving of the delicious dinner, after which the company spent a merry evening at progressive flinch.

Every member of the club had paid compliment to the popularity of their hosts, by their presence and the company enjoying the informal evening together were Mr. and Mrs. J. J. Roper, Mr. and Mrs. L. J. Carden, Mr. and Mrs. W. E. Winslow, Mrs. Wm. Smart and daughter, Miss Fannie Smart, Mrs. J. W. Bishop and son, Mr. Will C. Ulrich.

## PRETTY JUVENILE PARTY

### Little Miss Whitson Hostess to Friends Who Help Celebrate Her Birthday

Little Miss Margaret Whitson, the winsome daughter of Mr. and Mrs. M. V. Whitson of South Main street, celebrated a birthday yesterday and the tiny lassie, aged just five, enjoyed her first experience as hostess.

After the arrival of her playmates merry games were played on the lawn and while these little folks were having such a splendid time, the mother had prepared a lovely birthday spread to which the happy youngsters were called.

The dining room was darkened, the pretty table being softly illuminated by five twinkling, pink candles, which decorated a beautiful birthday cake, "Baby" roses in shades of pink were strewn over the snowy linen and each little guest had ice cream and cake to his heart's content, with an abundance of delicious pink and white candies.

Among the little guests of Miss Margaret were Thelma Carter, Edna Marple, Dorothy and Harvey Pease, Frederick and Virginia Lefevre, Lyde McCleery, Ruby Gray, Adeline Spencer, Florence Brownbridge, Eleeta Opperman and Lawrence Hoskins.

## Farwell "Rose Shower"

Miss Nettie Langford, who left this morning for Marietta, Ohio, was complimented last evening with a pretty farwell courtesy, a bevy of her friends giving her a shower of beautiful roses.

They arrived in a body at the home of the honoree's sister, Mrs. E. A. Noe, and after their exquisite floral gifts had been duly admired, the company enjoyed a merry session at games. During the social hours refreshments of delicious cake and fruitade were also enjoyed.

Miss Langford has won many warm friends during her year's stay in Santa Ana and those wishing her a pleasant homeward journey and that she might soon return to Santa Ana, were Mr. and Mrs. E. L. Morrison, Mr. and Mrs. George Phelps, Mrs. A. J. Lasby, Misses Kate Wendelen, Margaret Esau, Cora and Katherine Enderly, and Messrs. William Wendelen and Ed Esau.

All members are urged to be present as business of importance will come before the club.

## W. C. T. U. MEETING

### 'Sunday School Temperance' Made Interesting; Plans For Convention

The W. C. T. U. held a very interesting meeting yesterday afternoon at the home of Mrs. W. E. Ward, 424 West Second street. Mrs. Norman, the president, presided. Mrs. A. H. Nickell led the devotional service. The subject of the afternoon was Sunday School Temperance and was in charge of Mrs. J. H. Scott, Rev. Paul Stevens was to have given an address on Sunday school work, but he had to leave for the north and could not be present.

Mrs. Stevens very kindly took her husband's place and ably handled the subject. The "all-over-the-county" canvass was considered and it was impossible to get the full details of that work which was done some time last winter, as there are many reports which have not yet been sent in. The Sunday school work was reinforced as there was an increase in members of the church as well as the Sunday school. Two new schools had also been organized. The cards showed thirty-seven different denominations in the county. Much good was done by the workers coming in touch with the people.

A very interesting discussion was held and encouraging reports from the different Sunday schools were given. Mrs. C. W. Burns, for the First Methodist church; Miss Sarah Finley, First United Presbyterian; Mrs. W. E. Ward, First Presbyterian; Mrs. O'Brien, Christian; Mrs. J. H. Scott, Immanuel; Mrs. Anna Hill, First Baptist.

An enjoyable feature of the program was a number of the L. T. L. children, under the direction of the leader, Miss Vanche Plumb, sang some temperance songs.

The Orange County W. C. T. U. convention will be held in Orange on Thursday and Friday at the Presbyterian church. Dinner will be served for 25 cents, and all delegates who wish to remain over will be entertained all night and for breakfast. The following delegates were elected: Mrs. E. P. Stafford, Mrs. E. H. Prince, Mrs. Nora Davies, Mrs. Ruth Jaynes, Mrs. S. M. Davis, Mrs. L. E. Sturgeon, Mrs. F. W. Wiessman, Mrs. Potter, Mrs. W. W. Anderson, Mrs. T. A. Winbigler, Mrs. J. M. Raugh, Mrs. H. H. Maryatt, Mrs. C. B. Elliott, Mrs. Anna Gale, Mrs. T. W. Burns, Mrs. Emerson, Mrs. E. L. Morrison, Mrs. O'Brien, Mrs. Stanley, Mrs. W. H. Thomas, Mrs. Mary Downey, Mrs. George Post, Mrs. George Heil, Mrs. Ludwig.

Those who are delegates by virtue of their office are Mrs. E. B. Norman, Mrs. Anna Hill, Mrs. W. B. Tedford, Mrs. Lea Warren, Mrs. W. E. Ward, Miss Sarah Finley, Mrs. Horace McPhee, Miss Emily Cox, Mrs. J. H. Scott, Mrs. Belle Rogers, Mrs. J. E. Kellogg, Mrs. F. H. McElree, Mrs. A. H. Nickell, Mrs. J. N. Anderson, Mrs. E. H. Mills, Mrs. Ellis Smith, Mrs. Minnie Vawter.

A request for flowers to be brought to the convention the first day is made by the Superintendent of Flower Mission Mrs. E. B. Norman. To be used at the memorial service. The union voted to give area prizes for the best copied posters to be made by the pupils of the Intermediate school.

Mrs. Norman and Mrs. Hill offered a prize of \$2 for the best original poster and another prize of 50 cents to be given for the second best original poster. These are to be temperance posters.

The next meeting will be held at the home of Mrs. F. W. Wiessman 1320 North Broadway, and will be the Mexican and Flower Mission meeting. All members are requested to bring bouquets, to be taken to the hospitals and the sick and shut-in people; also send the names for whom the flowers are intended.

## Elks' "Ladies' Night"

Friday night will be "Ladies' Night" at the Elks' hall and the members have planned a jolly informal evening for their guests. The first part of the evening will be devoted to progressive whist, after which a catered supper will be served.

Special music by a popular quartet will be enjoyed and the Elks have provided for a company of 400 and hope that this number will join in this strictly informal affair.

## Pleasant Class Social

The Social Bible class of the First Congregational church was delightfully entertained last evening at the home of Mr. and Mrs. Nat Beals of 821 Garfield street, which was decorated with a variety of lovely roses.

The guests first enjoyed a beautiful duet given by Mr. and Mrs. C. C. Langley, Mr. Langley playing the violin and his wife accompanying him on the piano.

By matching advertisement cards, partners were found for a clever guessing contest, entitled "Wives of Professional Men." Mrs. C. S. Shaw and her partner, Mr. Frank Blake, were the "stars" in this merry game, and they were presented with a large mysterious looking package in which two tiny kiewpies were discovered.

On account of the recent circus, the hostess expected her guests to be experts in an animal guessing contest, and Mrs. George Shaw and C. F.

Crookshank were awarded two bright colored balloons as appropriate prizes. The pleasant evening closed with the serving of ice cream and cake by the hosts, assisted by their little daughter, Miss Dorothy, Mr. and Mrs. Langley and Mr. and Mrs. Frank O. Calkins.

## Welcome New Members

The members of the Chatt'n Sea Club held a merry meeting last evening at the home of Miss Irene Edwards of Camille street, where the congenial company was entertained with music, needlework and indispensable chat.

Three new members, Misses Frances Condon, Emily Lykke and Mamie Fucker, were welcomed into the club by the members, who also enjoyed having Miss Thillie Swartz of San Diego as a visitor.

Late in the evening the hostess invited her guests into the dining room, where they found their places marked by pretty cards decorated with a spray of Cecil Bruner roses. An exquisite floral centerpiece of Cecil Bruner roses and fernery had been fashioned and napkins were appropriately edged with the tiny roses. The pink color motif was also observed in the dainty w-course callation.

Members of this jolly little club now include Misses Esther Fluor, Alice Huntington, Emily Lykke, Helene McNeill, Edna Meyer, Fern Smith, Jane Stanley, Lucy Stevens, Mamie Tucker, Grace White, Mildred Britton, Frances Conder, Irene Edwards; Mrs. Frank Hammett and Mrs. Clyde Flower.

## Delightful Musicals

Miss Carolyn Houghton gave one of her delightful musicals last Saturday afternoon at her home on South Broadway street. The entire program was given from memory and rendered in such a fluent manner as to make a strong impression upon the audience. Besides being a pleasure to those who listen, these recitals are of great value to those who take part, training them to become accustomed to play before others.

This recital closed a contest among the little folks, in which each pupil worked for highest grades and more efficient practice. Among the boys Jack Langley and Harris Cloyes tied for highest grades. Little Eileen Young gained close second place.

The program follows:

## OBITUARY

—Sophia Christensen was born in Denmark, March 19, 1862, and came to America with her parents in 1867. She was married to J. F. Johnson in 1889 at Minneapolis, Minnesota. They came to California in 1906, where they have since resided, drawing to themselves and family a host of friends.

Mrs. Johnson had been a member of the Presbyterian church for twenty years. Two years ago she united by letter with the First Presbyterian church at Anaheim, of which church she was a member at the time of her death.

For more than a year she had been a patient sufferer until death came to her relief on Saturday morning, April 24, 1915.

She was a true and faithful wife, and a devoted mother. She leaves to mourn her loss her husband, five children, Harvey, Helen, Robert, Raymond, and Arthur, one brother in Tustin and two sisters, one in Portland, Oregon, and the other in Albert Lea, Minn.

The funeral was held on the afternoon of April 27, from the family residence, 602 Orange avenue, Santa Ana. The service was conducted by her pastor, Rev. F. W. Mitchell, and interment was made in the beautiful Fairhaven cemetery at Santa Ana.

# USE OIL AND GRAVEL INSTEAD OF PAVEMENT

Orange News: That there will be no paving done by the present city board on Chapman avenue or Glassell street was indicated last night when plans for leveling East Chapman avenue and applying oil and gravel were discussed.

Trustee Terry estimated that the cost of the work would be between \$320 and \$350 for a 24-foot strip. The matter was referred to the street committee and street superintendent.

A request from the Civic committee of the Orange Woman's Club, that lots on which weeds are growing be cleaned up, was referred to the city attorney.

The board received an invitation from the Railroad Commission to attend a hearing of the interlocking switch case in which the Pacific Electric is attempting to secure a crossing on Fourth street, Santa Ana, over the Santa Fe tracks. The hearing is to be held in Los Angeles on May 6.

T. L. Faris was granted permission to place his street scales in front of his place of business on North Olive street.

—The Shiloh Circle, Ladies of the G. A. R., will give a fine dinner on Friday, April 30, in the G. A. R. hall; 25c plate.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

## NEWS BUDGET OF GARDEN GROVE

GARDEN GROVE, April 28.—Mrs. Collingsworth, recently of Los Angeles, is visiting at the home of Mr. and Mrs. G. W. Barnes. Mrs. Collingsworth and Mr. and Mrs. Barnes were friends years ago when they lived in Kansas. Mrs. Collingsworth will remain with Mrs. Barnes until Mr. Collingsworth, who is still in Kansas, joins her here. Then Mr. and Mrs. Collingsworth expect to make their home in Southern California.

Mr. and Mrs. Barnett entertained as guests Sunday Mr. and Mrs. Frue, Mrs. Barnett's mother, Mr. Hendrick, Mrs. King and Mrs. Watt, all of Los Angeles. The guests arrived by way of the electric car then were conducted to the home of the Barnetts. After dinner the party took a trip over Orange county. After a very delightful day the party returned to Los Angeles.

N. Carmichael had what might have been a very serious injury last Friday evening when he ran a rusty nail into the fleshy part of his foot. The accident proved not to be of a serious nature and Mr. Carmichael will soon be able to walk as usual.

Mrs. Castleman, daughter of Mr. and Mrs. Spain and daughter-in-law of Mr. and Mrs. Castleman, has been visiting here for the past few days. Later Mrs. Castleman will go to Los Angeles.

## THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Will Call at Residence

lure, where she will join her husband and there make their home.

Last Sunday evening Mr. and Mrs. Charles Swall and family were happily surprised when Mr. and Mrs. George Clapp and daughter of Hollywood made their appearance at the Swall home. Mr. and Mrs. Clapp are cousins of Mrs. Swall. They returned to their home Sunday evening.

The home of Mr. and Mrs. H. C. Powell was a scene of much merriment Tuesday evening when their son, Frank, gave a party in honor of the club boys here. The first part of the evening was whiled away by conversation and games. Later Miss Iva Powell served dainty refreshments to the guests, after which music was enjoyed by all. The young people, numbering about thirty, adjourned at a late hour, hoping Mr. Powell would do his best to entertain the club boys again.

George Oertly entertained one of the Australian boys, who belongs to the young Australian League, at his home on North Euclid avenue. The visitor proved a very interesting and instructive young man to converse with and gave all of those who met him much instruction along the life, manner and customs of the Australian people.

Mr. and Mrs. Charles Swall are visiting with relatives in Los Angeles and Hollywood for a few days.

Mrs. H. C. Powell, who has been ill for the past few days, is much improved.

Elder Frank Burton of Santa Ana occupied the Latter Day Saints' pulpit here last Sunday evening.

Mr. Lamar Chaffee spent Sunday at home.

Mr. and Mrs. Hayes and Mrs. Kern were visitors to Los Angeles last week.

This being cleaning up time in town the following verse seems very appropriate for the season:

**Song of the Tin Can**  
It's a long way to the city dump pile,  
It's a long way to go;  
It's a long way to join them,  
But we'll get there I know.  
Good-bye, my neighbor's trash pile;  
The citizens are on a tear.  
It's a long way to the city dump pile,  
But I'll meet you there.

## AUSTRALIANS IN PACKED HOUSE

Every seat in the Grand Opera House was filled last night to hear the entertainment offered by the Australian Boys who are touring America. The boys had been here since Monday morning, and had attracted a good deal of attention among the schools and on the streets, so that there was a record breaking crowd out to hear them.

The performances were as good as the advance agents of the Australians had promised they would be. The singing of the youths and the stunts and impersonations kept the audience in the best of humor throughout the first portion of the entertainment. Then came athletic stunts on the horizontal bars, including some pyramids, all of which were creditable.

More stunts and some good band music ended the evening's entertainment. The Australians left this morning for Los Angeles.

### LOS ANGELES PRODUCE MARKET

Farm reports from all parts of Southern California on the fruit crop are of the most optimistic kind. The late rains have given the orchards all the moisture they need, and peaches, apricots and plums all show an excellent set of fruit and very rapid development. From Imperial Valley comes report of a big crop of apricots and a shipment is expected any day. The first cherries are proving of very good quality and shipment by lug box has started. This pack of fruit sold from 17 to 25 cents yesterday morning. Berries are also bearing heavy and prices on black and raspberries were down. Loquats are about cleaned up and the good stock is holding at about 10 cents.

A feature of trading in the morning was the reduction of prices on Bernudas and Crystal Whites, the former selling for \$1.25 as top price per crate, and the latter bringing 10 cents more. This same figure was attached to Australian Brown onions, but the quotation was not on a crate, but by the hundredweight. Receipts were 774 sacks.

Eggs, 22 cents.  
Local new spuds are down as low as \$1 a lug box, which means about \$3 per hundredweight. Other stock was firm.

# WORLD'S WOMEN UNITE IN MOVE TO HALT WAR; PEACE MEET IS OPENED

(CONTINUED FROM PAGE 1.)

Women of enemy nations can meet in council and discuss matters in a reasonable and helpful way. A preliminary meeting of British, German, Italian and Dutch women has already been held. The time seemed ripe for this international meeting. It can hardly fail to soften animosities and allay hatred which is a growing evil and menace for the future.

**Some Opposition**  
"Women whose hearts have been drawn together by earnest consideration of common problems and common suffering will return to their own countries to influence public opinion to a gentler attitude. By this meeting together on neutral ground and, for the moment, removed from national passions, a fairer view of current events becomes possible, and women of all nationalities can join in preparing the way for a better understanding and a permanent peace. Moreover, if women's voice is to be heard in the treaty of peace, the way must be prepared now."

Not all the women prominent in the British feminist movement have lent their support to the Congress. Among those absent today is Mrs. Millicent G. Fawcett, leader of the constitution from French, German, and English soldiers, who from the battlefield have called upon us to save civilization; but more moving and more terrible is the silent appeal from the daily growing cemeteries, from the devastated villages and ruined homes, the orphans, the outraged, and the starving.

"It is much more difficult for men to meet in conference; they are in the silent armies. But women, as non-combatants, have a right, and as guardians of the race they have a duty. Experience has shown that all suffragists, who not only refused

## JUSTICE COX RAMBLES ALONG AT HIGH SPEED, SAY, AT THIRTY MILES

Beet Fields Flit By So Fast  
Hizzoner Thinks They're  
Planted Real Close

Justice Cox hasn't much sympathy for speedsters. He doesn't believe in speeding. If he had an automobile he would rig the thing up so that it would not go over twelve miles an hour.

Yesterday, however, he was given a touch of speed, say thirty miles an hour.

Sheriff Jackson and Justice Cox were summoned as witnesses in the Collier case at Long Beach. They went over and came back in the sheriff's automobile. When they got out in the Westminster country the sheriff observed that Justice Cox was trying his best to keep his eyes off the speedometer.

"Say," said the judge, "it seems to me that they have planted these sugar beet fields mighty close together. I get a glance at one, and then comes the next one."

"What graveyard is this we are passing," asked the judge.

"That is no graveyard," responded the sheriff. "Those are mileposts."

The justice always was of the opinion that thirty miles an hour is fast enough for any person to travel on the county roads. Now he knows it. He went thirty miles an hour yesterday—possibly more when he had his eyes off the speedometer and on the flitting beet fields and mileposts.

to become a delegate, but issued a vigorous protest, on patriotic grounds, against the participation of other English women. The militant suffragists, however, are represented by Mrs. Pethick Lawrence and Miss Sylvia Pankhurst, while among the other English delegates are: Miss Violet Vanbrugh, the actress; Miss Olive Schreiner, the author; Miss Margaret Ashton, sister of Viscount Bryce, former British Ambassador to the United States; Mrs. George Cadbury, the Hon. Mrs. Rollo Russell, and Miss Lind of Hareby.

**Some of the Demands**  
The suggested resolutions contain the following demands:

That the belligerent countries publicly define the terms upon which they are willing to make peace, and for this purpose immediately call a truce. (The British delegates object to the word "immediately.")

That all future international disputes should be referred to arbitration or conciliation, and that the powers agree to bring pressure upon any country resorting to arms without having thus referred its case.

That foreign policies shall be subject to democratic control, and that women be represented equally with men in such control, by being given the parliamentary franchise in all countries.

The resolutions also urge the necessity of "so directing the education of children that their thoughts and desires may be turned towards the maintenance of peace and that they be given a normal education so as to enable them in any eventuality to act on this conviction."

The British delegation has offered the following additional resolution:

"The International Congress of Women urges the governments of all the powers to take the manufacture and control of armaments entirely out of private hands, as a step towards complete and final disarmament."

## FAVORS PUTTING STREET TREES UNDER CITY FORESTER

Members of the new Santa Ana park commission are in favor of adopting an ordinance that will make it necessary for a permit to be secured before any power or telephone company or any person is allowed to cut or trim any tree growing along Santa Ana's streets.

Yesterday afternoon Fred Rafferty and G. W. Minter, members of the commission, attended a meeting of the County Board of Forestry in the interest of working out a plan for co-operation between the city commission and the county forestry board. No definite conclusion was reached, further than that County Forester Grant agreed to assist the commission in every way possible.

Recently there has been considerable criticism because tops of a good many trees have been cut. Many trees have been left in an unsightly condition. Some of them are left in the shape of a Y, the tops having been cut out to free the wires. This would not have been possible in the county, where no tree can be cut or trimmed except upon a permit and in accordance with the directions of the forester.

The park commissioners said that they want to see the law changed in such a manner that the city will have a forester to look after the trees on the city streets.

At present the county is propagating a large number of flowers for use at the courthouse grounds and at the county hospital. That there will be co-operation in furnishing the city parks with plants was indicated by the members of the forestry board, which has already furnished many trees for planting on school grounds of the county. The county board has adopted the policy of furnishing municipalities with trees at cost.

Park Commissioners Minter, Rafferty and Quick desire to make some changes in Birch Park, and hope to add to its attractiveness.

## IN THE JUSTICE COURT SAYS HIS CHICKEN IS KILLED BY CYANIDE FROM NEIGHBOR

M. Collins, on No-Fund Check Charge, Is Held to Answer For Trial

Bert Friggle of Brea and his neighbor, Mrs. E. B. Morrison, have had a disagreement over a chicken or chickens. It seems that one of Friggle's chickens met with a tragic death. Friggle believes that cyanide did it. He further charges that Mrs. Morrison is responsible for the application of cyanide, and upon Friggle's complaint the woman has been charged with malicious mischief. Justice Cox has set the woman's trial for May 11.

**Collins Is Held**  
This morning M. Collins was held to answer for trial in the superior court on a no-fund check charge. The check was given to T. A. Alexander of the Rossmore. It was for \$5 and was drawn on the Bank of Italy of Los Angeles. Collins was represented at the hearing by W. F. Menton.

It is believed that Collins will go into the superior court, plead guilty and ask for probation.

**For Bike Theft**

Yesterday Deputy Sheriff C. R. Clapp of Laguna Beach took Frank Gonzales, a freckled-faced 13-year-old Mexican boy, into custody and turned him over to the sheriff's office. The boy tried to sell Clapp a bicycle. It later developed that the bicycle was one stolen from J. L. Weaver of Santa Ana. The boy will be sent to Los Angeles, where he lives.

**Pony Is Located**

Sheriff Jackson received word today that a pony and buggy stolen at Anaheim from O. J. Schow of the Mother Colony has been located at Barstow. Schow accused an 18-year-old boy known as Manuel Shaw and also as Milton Duncan with the theft, and the sheriff sent out circulars bearing pictures of the boy and the horse. The rig was sold to a Barstow man for \$40. The Barstow man gave \$20 cash and a \$20 note. The boy who sold the outfit has not been located.

## RIVERSIDE GOOD ROAD BRIDGES IN SANTA ANA CANYON OK'D

No Action Taken on Bolsa  
Gun Club Matter Owing  
to Talbert's Absence

At a meeting of the Board of Supervisors yesterday afternoon a motion was passed accepting six bridges that have been built on the Riverside road in the Santa Ana canyon.

On the recommendation of the County Highway Commission, a contract was awarded to Hart & Ducey for building the Dyer, Fairview, Smeltzer and Wintersburg roads.

E. K. Wiess was given permission to lay a pipeline on East Seventeenth street.

Owing to the absence of Supervisor Talbert, the matter of taking action on the right of way through the Bolsa Chico Gun Club was continued to May 5.

## FIND FUMIGATOR A. LASWELL IS NOT GUILTY

Lack of Faith In Testimony of  
Confessed Offenders  
Brings Acquittal

A few minutes' deliberation by the jury that tried A. Laswell of Orange on a charge of burglary resulted in a verdict of not guilty. The acquittal occurred yesterday afternoon at 4:30 o'clock.

The prosecution did not contend that Laswell entered the packing house of the Foothill Valencia Growers. It contended that he encouraged Vernon Thompson, Farley Sutton and Willard Shadel to steal cyanide from the place on an understanding that Laswell would buy it.

The only testimony connecting Laswell with the theft was the testimony of the three young men, who recently pleaded guilty to the charge of burglary and were given probation. The prosecution also brought out the fact that Laswell had purchased cyanide from Zoune Watson. That purchase was admitted by the defense, but Mrs. Laswell and Miss Willie Laswell went on the stand and testified that \$50 was paid for it instead of \$40, as stated by Watson. The usual price of cyanide would have put the price at \$50.

Attorneys W. M. Brown and H. C. Head for the defense pointed out to the jury that there was nothing to connect Laswell with the Valencia Growers' burglary except the word of three youths who had pleaded guilty to a felony. Two cases of cyanide stolen from the packing house were found on the Appel ranch, where the boys had left it. Brown said that there was a hue and cry after the burglary, and the boys decided to get rid of the cyanide. They dumped two cases that had Laswell's name on them at the ranch where one of Laswell's employees lived, thinking that was an easy way to get the stuff off their hands. The rest was hidden under some hay. The reason Laswell's name was on the cases was that they were cases he had returned to the packing house. Laswell did not know the cyanide was at Appel's place, and Appel did not know how it got there.

The jury was out only a few minutes, when an agreement was reached to bring in a verdict of not guilty.

**Old Case Dropped**

After two years and a half litigation, the case of A. Raymer against Susan A. Hobbs was today dismissed. The dismissal was entered on the request of Attorney Stuart for the plaintiff.

It was on October 4, 1912, that Raymer filed his complaint, asking \$650 damages because Mrs. Hobbs sold a ranch at Stanton to another party after Raymer had an option upon it. Raymer got judgment. An appeal was taken, and the appellate court gave a reversal, contending that Hobbs had not exercised his option. The decision of the upper court practically decided the case in favor of the defendant.

**Claim Filed**

Today M. B. Collette filed a claim of \$26.60 against George Wiegand, who has a contract with the county on the Brea road.

U. D. Rhodes and F. L. Ainsworth of Orange and J. G. Quick of Santa Ana have been appointed to appraise the estate of Chas. C. Campbell.

**Try It Second Time**

Today the second trial of the damage suit brought by G. Meger of Anaheim against his neighbor, Carl Rodemeyer, was begun in Judge Thomas' court. Meger and Rodemeyer had trouble over a ditch and Rodemeyer gave Meger a beating, for which Meger asked \$7500 damages. A jury in Judge West's court gave him judgment for \$9. After looking over the transcript Judge West granted Meger a new trial, which started today. Attorneys Tipton and Callor appear for Meger and Williams and Butan and F. C. Spencer for Rodemeyer. The jurors are Addison Rusk, E. R. Williams, J. H. Cochran, J. A. Evans, Joseph Baker, Frank Stearns, Alfred Shrobbree, Charles Lambert, J. L. Knesel, C. H. Howard, Rupert Best and H. F. Shorting.

## KNIGHT TEMPLAR PRAISES GREAT EXPOSITION AT GOLDEN GATE

J. W. McCormac, Eminent Commander, and W. H. Thomas, Generalissimo of Santa Ana Commandery No. 36, Knights Templar, have returned from San Francisco, where they were in attendance at the annual session of the Grand Commandery of California last week. They report a record attendance and one of the most important sessions of this body ever held in this state—important, in that the Triennial Conclave of the Grand Encampment of the United States of America will convene in Los Angeles next year and plans for the entertainment of this body were perfected. Forty thousand dollars was appropriated for the use of the committee on arrangements, which sum will be greatly augmented by local contributions in Los Angeles between now and the meeting of the Grand Encampment in June, 1916.

**Commandery Honored**

The Grand Commandery was distinctively honored this year by the presence of Very Eminent Sir J. W. Chamberlin, Grand Captain General of the Grand Encampment of Knights Templar of the United States; Most Eminent Knight Philip Doddridge Gordon, Supreme Grand Master of the Sovereign Great Priory of Knights Templar of Canada, who is traveling over the United States in the interests of his work at the head of Templarism in the country over the border.

Walter Wray of Tustin, a member of the band of Golden West Commandery No. 43 of Los Angeles, was also in attendance.

**Coming to Los Angeles**

Efforts were made by Mr. McCormac as commander, to bring the Grand Commandery to Southern California in 1917, and it was understood to be the sense of the assemblage that Los Angeles would be chosen as the meeting place that year.

Speaking of his trip, Mr. McCormack said:

"Having spent some time at the exposition at San Francisco last week witnessing and comparing the exhibits from Orange county with those from other sections of the state and talking with different representatives in charge of the exhibits, I promised Mr. D. W. McDannald, our genial Orange county representative, to speak a word of praise of his work and that of his co-workers in the Southern California exhibits."

**Orange County Exhibit**

"While the exhibits of the entire state are splendid and worthy of special mention, yet I believe the exhibits of Southern California far surpass those of the northern part of the state, while those of Orange county are attracting more notice and eliciting more favorable comment than those of any other section of the state."

"This is probably due to two facts; first, that we have a greater variety of products on exhibition, and second, they are brought to the attention of the visiting public in such a way as to make them realistic and interesting."

"Mr. McDannald is familiar with every exhibit in the entire building and knows how to draw pleasing comparisons and contrasts between our exhibits and those of other sections of the state."

**Giving Many Lectures**

"He is also doing a great amount of good with the views, and stereoscopic lectures which he gives daily, and sometimes several times a day. The views he has of Orange county are considered to be the best at the exposition and Mr. McDannald has numerous invitations to deliver his lecture in other buildings, especially in the railroad exhibit building. Once or twice each week he gives a period at the Southern Pacific building and frequently at other places when they have open periods on their program. A lot of new exhibits had just been received prior to my visit and Mr. McDannald was processing them preparatory to adding them to the display in his department."

## OVER 19 INCHES OF RAIN FOR SEASON

At 2 o'clock this afternoon a total of 19.06 inches of rain had been registered for the season by the rain gauge at S. Hill & Son's hardware store on East Fourth street.

Twenty-one hundredths of an inch of rain fell here today between 7 o'clock and 2 o'clock this afternoon. Last night, previously to 7 o'clock this morning, 10 of an inch fell here, making a total for the present rain of 31 of an inch.

With the possible exception of a number of hay farmers in the county all the ranchers are united in declaring that the rain at this time is of inestimable benefit.

**Wild Hay Damaged**  
Owing to the fact that it is still somewhat early in the season comparatively little grain hay has been cut in this county and the rains have therefore caused it no damage.

In the foothill sections, however, it is said that a quantity of wild oat and volunteer hay has been cut and this is suffering on account of the damp weather of the past two weeks.

County Assessor James S. Sleeper estimates that this wild oat hay, which was cut before the recent rains began, will suffer damage to the extent of 60 or 75 per cent.

The rains are proving of benefit to the grain crop.
